These wings are concealed with what appears to be an onlay, but a concealed finger pull slot allows you to open wings without the dead give away of a pull or knob. Wings have Full Extension drawer slides which provides smooth and durable sliding action. This box adds 5¾" including the back behind your Mirror. Wings are 3" deep with 2" space for jewelry.

What was once known as a Men's Valet can also be used in a bathroom to hold a bathrobe and towels or simply to display scarves for her. What makes this Valet unique is that it is built out of solid hardwood, which allows you to match your existing Bedroom, Office, or Bathroom.

The hanger is 2" thick, which maintains a nice body for your suit coat or sports coat and is designed not to leave hanger marks. The pants, ties, and scarf rods are ¾" round to eliminate creasing.
