Aluminum Tub  
26" x 46" x 12 1/2" Deep ID  
Holds 10 Cubic Feet

A heavy duty latch and handle combination create a quick, easy release and dump feature. The light in weight poly or aluminum tub makes it easy to dump and fun to work with. All dumpers are built with a heavy gauge under frame to provide plenty of support for years of hard work.

Dump Latch & Handle  
Combination

All dumper wagons  
come with tractor  
hitch combination  
handle!

Makes a handy tool for multiple uses in various locations

Our *Speedway Express* Wagons are built with strong hardwood. The red side rails are stapled and glued to assure a stronger bond. Each wagon is built to conform to strict specifications from (no-tilt) Auto Turn Steering and ball bearing wheels to welded heavy gauge steel framework to handle heavy loads. They are suitable for pleasure riding as well as gardeners, farmers or contractors. Sturdy, well-built and long lasting. Our *Speedway Express* wagons will give you and your family years of enjoyment.
